

Steelcom Up and Running in NZ

July 2007

Steelcom is proud to offer sheet pile and piling equipment in New Zealand, staffed by New Zealanders for New Zealanders! Contact the Steelcom NZ Sales Manager Andy Fenn on 09 576 3977 or afenn@steelcomnz.co.nz with your enquiry.

Big and small vibro-drivers in the Steelcom hire fleet

Hydraulic vibrators are the most widely used equipment for driving and extracting sheet piles, casings and profiles with excellent performance and precision.

Excavator mounted vibrators

In response to strong demand for the highly functional ABI HVR excavator mounted vibro-drivers Steelcom NZ is pleased to offer:

The HVR 60 (below) featuring a centrifugal force of 400kN, static moment of 6kgm and weight of 1260kg.

The HVR 75 (below) with a centrifugal force of 500kN, static moment of 7.5kgm and weight of 2050kg.

Apart from short start and stopping times, high revolutions, low noise level as well as low weight and high centrifugal forces, the HVR is characterised by a low design height.

Crane suspended vibrators

The PTC 30H1 is the "bread and butter" unit of the Steelcom fleet. The 30H1 offers an eccentric moment of 30kgm and centrifugal force of 946kN and provides maximum efficiency and power. This unit is available in NZ now for immediate hire or sale.

Steelcom products

Steel Sheet pile:

- Comprehensive range of sheet pile for hire and/or sale
- Full range of composition and corner sections to compliment sheets
- Steel on the ground in New Zealand providing ex stock availability on many sections

Impact and vibratory piling hammers

Steelcom represent many of the world's finest manufacturers of vibratory and impact (hydraulic and diesel) piling hammers ranging from excavator mounted to crane slung and multifunctional pile rigs.

Concrete pile breakers

Excavator mounted pile trimmers for round, square and octagonal piles.

The ABI Mobilram piling rig

The Mobilram can be supplied with piling, extracting and augering attachments and has a usable pile length of 14 metres. Steelcom Australia has increased its hire fleet by another two units which are also available to the New Zealand market.
