Piling & Deep Foundations '09

30 November - 1 December, 2009
The Sebel & Citigate King George Square, Brisbane, QLD

[View the Brochure](#)

Time is running out to confirm your place at this year's [Piling and Deep Foundations '09](#) conference.

By attending you'll hear presentations on these key topics:

- How to achieve best practice design and testing methods
- The latest and most innovative piling techniques
- How to perform accurate site investigations
- Outlining which techniques are utilised more effectively
- Highlighting the importance of improved integrity testing to uncover defects that will affect a pile's performance
- Increasing the Durability and Life Span of Piles
- Soft Soil Improvement on Infrastructure Projects

Take advantage of this exclusive networking opportunity to understand innovative trends and future direction of the piling industry.

ThyssenKrupp Steelcom is pleased to be one of the exhibitors to this event.
Come and See us at Stand No.11!

ThyssenKrupp Steelcom Joint Sales Call with BSP International Foundation, Jim Poll

We have recently completed a successful joint sales call with BSP International Foundation, our supplier for a variety of [Impact Hammers](#), in WA with Alissa Warren (WA Business Development) and QLD - Martin Cross, Australasia Sales Rep for Piling and Trench Shoring. Jim Poll was joined by Glen Pentecost, Operations Manager in his WA and QLD Australian leg of the tour.

Next is NSW where Jim Poll is joined in by our NSW Sales Executive, Guy Cook and Managing Director, Joe Commins.

For more info or to find out more about the range of [BSP Impact Hammers](#) available through ThyssenKrupp Steelcom, call **Glen Pentecost or Andrew Christensen on 02 4966 0688** to discuss. []
